EV3 Robotics
Ages 9-14

(6) Mondays, October 17 – November 22, 2016
5:00- 6:30pm
$98 per student

Classes held at the **Microsoft Store in the Natick Mall**. Please use the entrance near PF Chang's.

We have upgraded to Lego EV3 Robotics systems. In this beginner session, you will learn to build a variety of robots using the Bricks 4 Kidz model plans. You will be introduced to NXT graphic programming language and download demonstration programs to make your robot work. In each class students will be given the opportunity to experiment with the robot design and programming.
